FATE OF MINISTER M'MAHON.

The government is still without information upon Minister McMahon. Pathetic despatches are received by the minister's relatives, but they convey no information. Mrs. McMahon and family are well, but anxious. Affairs are now looked for by way of England. The attempt of ex-Minister Washburn to shoot McMahon has been killed.

ADVICE TO THE INDIAN COUNTRY.

Advices received from the plains are of a character to cause the authorities to decide whether the commissioners to the Indians can be controlled. The commissioners with the Commissary Department of the army, and the Commissary Department for the use of its stores, and with the Quartermaster's Department for transportation, have been furnished by the Secretary of War with a military escort to be used in forwarding supplies, and there are already on their way to all of the Indian tribes, large trains of supplies for their present annual issue. It is believed that the escort will not be wanted, but it is believed that the supplies will be.

THE PRESIDENT UPON MEXICO.

The President, Gen. Grant, the Secretary of the Treasury, George S. Boutwell, and Secretary of War, William W. Belknap, have been in consultation to-day upon the Mexican question. The party was received with the usual honors due the Commander-in-Chief. The President visited the Military Academy at West Point on the morning of the 22d instant, and returned the same evening. He afterward received the Superintendent and Professors of the Academy at dinner. The Secretary of War and General of the Army accompanied the President. The party will take a trip down the Hudson to-morrow, and will return to Washington on Saturday.

THE CENSUS.

The Census Board has been busily employed during the past week in preparing instructions and forms for the enumerators. The Board has also been engaged in considering the communications addressed to it by DON. THOMPSON, of the Chicago Tribune.

THE SECRETARY OF WAR AT HOME.

The Secretary of War, Gen. Belknap, has returned to his home in this city, and will remain for a few days. He will visit the cemetery again on the 4th of July, when the Monument will be given, by the

CORPS OF ENGINEERS.

General Dyer has been reassigned, as Chief of Ordnance in consequence of the action of the late Court of Inquiry.

TELEGRAPHIC.

The status of the telegraph is one of the city establishments, because of notice that a reduction of wages would soon be made, has ceased. The proposition is now withdrawn, and the employés of the companies find there should be no reduction.

FINANCIAL.

A large meeting of bankers was held here last night, and a branch of the National Irish Republican Association was formed.

PERSONAL.

James Major J. H. Smith, formerly of Chicago, has been appointed Judge Advocate, via Detroit.
